## TERMS & CONDITIONS

In the following, the "seller" means Capital Fireplaces Ltd, and the "buyer" means the person or company buying the product from the "seller".

### 1) NEW ACCOUNTS / PROFORMA INVOICES

New accounts may be opened upon receipt of satisfactory references from the buyer's bank and two trade suppliers and only after a minimum 12 months trading period, during which a minimum of £7,000 worth of product must have been purchased. Meanwhile, orders will be accepted and dealt with by payment made upon Proforma Invoicing.

### 2) TERMS:

- Account holders - Must pay in full by the end of the month following the month of invoice.
- Non account holders - Payment as per agreed schedule with the proforma invoice and will be either i) or ii) below.
  - Cash upon delivery, where an invoice will be supplied upon delivery.
  - Debit or credit card payment at any time up to delivery of goods, (accepted by telephone and at no extra cost).
  - Supply of goods will be withheld if any account is not paid according to these terms, additionally the seller reserves the right to instruct a debt collection agency to recover any outstanding debts on it's behalf. An additional charge of 15% of the outstanding debt will be added to the debt once the debt collection agency is instructed. Once the debt has been cleared the seller will only sell goods on a cash-on-delivery basis. The seller also reserves the right to add charges and/or interest (at the Barclays base rate plus 8%) to any account that does not comply with the specific trading terms. The seller also reserves the right to add charges and/or interest - If a cheque requires re-presentation or is returned by the bank, an administration charge of £10.00 will be passed on to the buyer.
- All prices are subject to VAT at the current rate.
- Any invoice queries should be made known to our accounts department by the 15<sup>th</sup> of the month at the end of which the invoice is payable.

### 3) RISK AND TITLE

Risk in the goods shall pass to the buyer on delivery but goods shall remain the sole and absolute property of the seller as legal and equitable owner, until the buyer has paid to the seller the agreed price. Payment by cheque shall constitute payment only on clearance of the cheque. The seller may for the purpose of recovery of its goods enter any premises where they are stored or where they are reasonably thought to be stored and repossess them. If the goods belonging to the seller are mixed with or incorporated into goods belonging to the buyer the product shall belong to the seller. If goods belonging to the seller are mixed with incorporated goods belonging to any other person the product shall be owned in common with that other person.

### 4) DELIVERY

- Any delivery days quoted are genuine forecasts but shall NOT be legally binding on the seller.
- Timed deliveries cannot be arranged.
- In the event of the seller being unable to supply goods subsequent to receiving an order from the buyer, the seller shall not be liable for any incidental or consequential loss.
- It is the buyer's responsibility, regardless of delivery address, to ensure the goods are as ordered and that they are of satisfactory quality.
- The seller strongly recommends that the buyer checks correct description and quantity on goods delivery notes prior to signing. In the event of any quality problem whatsoever, the buyer must notify the seller within 3 days of arrival of consignment, as stated on our delivery notes, and before the goods are processed in any way otherwise no responsibility can be accepted for any claims.
- Upon acceptance of deliveries the buyer must sign the seller's or carrier's delivery note. Claims for loss or damage must be made within 3 days of arrival of consignment informing the seller and carrier of the loss or damage involved. Damaged items and packaging must be retained for inspection. The seller shall not be held liable otherwise.
- If goods despatched from the seller, by van or other method do not arrive within 24 hours of the quoted delivery date, the seller must be notified immediately by telephone or fax.
- In all events the limits of liability for any fault or defect in the product shall be a sum not exceeding the purchase price of the particular goods, and the seller shall not be liable for any subsequent loss howsoever arising.
- The seller will not accept any liability for delays caused by "force majeure" beyond the seller's control.
- Our drivers are required to carry out a risk assessment for every delivery, should they consider that the risks associated with any delivery are too great, they may abort the delivery if alternative arrangements cannot be made with the buyer or their agents.

### 5) VAN DELIVERIES

Products are generally held in stock, although please check availability at the time of ordering as we cannot be held responsible for delayed fittings. Delivery is free of charge on deliveries over £250.00 (excluding VAT) within the sellers delivery area (South East England). A £25.00 delivery charge will be applied for deliveries under and including £250.00 (excluding VAT).

### 6) PARCEL COURIER SERVICE

(Maximum weight 20kgs Sizes should not exceed 600mm in each side).  
Up to 3 day service £25.00 (orders under and including £250.00 excluding VAT).  
Up to 3-day service FREE (orders over £250.00 excluding VAT).  
Next Day (by 10am) £30.00.

### 7) PALLET LINE SERVICE

Prices start at £40.00, the buyer must confirm the price from the seller prior to despatch of the goods and confirmed to the seller by fax. Goods delivered by Courier or Palletline must be inspected, and signed for before the driver leaves, in order for us to be able to consider claims.

### 8) RETURNS

The seller reserves the right of discretion, to accept/or refuse the return of any goods supplied and to make a restocking charge. It is the buyer's responsibility to ensure that all goods returned are properly packed and returned in mint condition. Damaged or incomplete goods will not be accepted for credit unless a prior agreement is made. Drivers cannot accept returned goods without the correct paperwork. If upon receipt and examination of returned goods, the seller finds there is a discrepancy in the stated reason by the buyer for returning the goods, the seller reserves the right to charge in full for the goods in question.

### 9) SPECIAL ORDERS

The buyer is required to send to the seller, by fax or letter, confirmation of special orders customer specifications. The seller will, at the time, if possible give the buyer an estimated price and delivery date. The seller will take every reasonable care to ensure the order is to the buyer's instruction but strongly recommends the buyer visually checks the order as the seller will accept no responsibility after the 3 day period for incorrect orders delivered.

### 10) CANCELLATION

In any event of cancellation of any order, already delivered, the buyer will be responsible for a 20% restocking charge.

### 11) ERRORS AND OMISSIONS

In the event of administrative errors in the collation of the seller's price list or brochure please note that we reserve the right to amend prices without prior notification to the buyer.

### 12) THE CAST IRON & FIRES

The products within the H.E. range are not for sale or pricing on internet trading or marketing websites, or for onward sale to a third party who will trade or price market them on an internet website. By agreeing to purchase any of the products included within this range the buyer understands that a contravention of this trading requirement will lead to supply being suspended, potentially indefinitely. For the avoidance of doubt as to the understanding of this trading requirement, contravention of which the seller intends to strictly enforce, the buyer should contact their sales representative or accounts office prior to offering these products for sale, as a refusal or a suspension of supply could create unnecessary problems and the seller will not be responsible for any costs incurred should supply be refused or suspended.

### 13) DISPLAYS

Any products supplied for showroom display at a discount must be kept on display for a minimum of 9 months. Should products be removed or sold off prior to this then Capital Fireplaces reserve the right to invoice for these goods at full trade price.

**Revolutionary new design gets the look right**

**RYTON VENTS**

We all want our living spaces to be as comfortable and attractive as possible, and unsightly, draughty room ventilators can be an annoyance. Tempted into blocking up the vent or changing the grille homeowners may be heading for other problems such as mould growth, or the build-up of dangerous gases from combustion appliances, due to insufficient ventilation.

**So how can you provide essential ventilation and maintain a pleasant environment for the occupant?**

**Rytons LookRyt® AirCores® are a great new range of 125mm dia. core ventilators featuring Rytons innovative LookRyt® panels.**

The revolutionary design of Rytons new LookRyt® panels has angled openings around the rear of a flat face plate. This gives a multi-directional air flow allowing air to disperse evenly into the room - a fantastic improvement on the look and Performance of standard grilles.

**Multi-directional air flow allows air to disperse evenly into the room**

Manufactured in magnolia colour to co-ordinate with a new-build colour scheme, the face plate of Rytons new LookRyt® is suitable for wallpapering or painting any colour. This unique feature allows the panel to be updated with the room decor for a more discrete appearance.

**A fantastic improvement on the look and performance of standard grilles**

**AC10LP 125mm AIRCORE WITH LookRyt LOUVRE PANEL**  
104 cm<sup>2</sup> Equivalent Free Area

### SKAMOLEX BLUE

Calcium silicate boards are used both as fireplace insulation as well as a part of the construction. The boards are non - dusting, rigid, smooth and simple to install. The properties of the product allow a simple installation, using only ordinary wood-working tools.

### FERMACELL POWERPANEL H<sub>2</sub>O

Water resistant cement particle building board. Heat resistant to prolonged surface temperatures of up to 200°C. Ideal for Stove chambers although should not be used in an environment where direct contact with a naked flame is possible or heat limits exceeded.
